Volume 56, Issue 3, August 2013

ISSN: 0033-8443 (Print) 1573-9120 (Online)

In this issue (4 articles)

OriginalPaper

[On the problem about determination of the sea wave period based on radio altimeter data](#)

V. Yu. Karaev, E. M. Meshkov, D. Cotton, X. Chu

[» Download PDF \(442KB\)](#)

Pages 123-134

OriginalPaper

[A new method for acoustic characterization of particulate materials: preliminary results](#)

V. S. Averbakh, A. V. Lebedev, S. A. Manakov...

[» Download PDF \(575KB\)](#)

Pages 135-156

OriginalPaper

[The short envelope soliton dynamics in inhomogeneous dispersive media with allowance for stimulated scattering by damped low-frequency waves](#)

N. V. Aseeva, E. M. Gromov, V. V. Tyutin

[» Download PDF \(203KB\)](#)

Pages 157-166

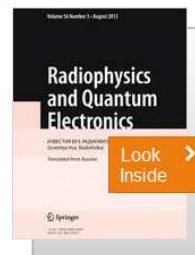

OriginalPaper

[Blind synchronization of the OFDM signals in multipath channels on the basis of the time and frequency protection intervals](#)

G. N. Bochkov, K. V. Gorokhov, A. V. Kolobkov

[» Download PDF \(357KB\)](#)

Pages 167-185

Volume 12 Number 1 January 1998

Radiophysics and Quantum Electronics

Editor-in-Chief: Radiophysics
Alexander M. B. Rukhovich
Editor: Quantum Electronics
Vladimir A. Kozlov
Translated from Russian

Springer

233 Spring Street
New York, NY 10013-1578
